

## Wilmington Trail Committee

### Minutes for December 10, 2015

**Present:** John Greene, *chair*; Crista Gannon, *vice chair*; Jake White, John Gannon, Bob Fisher, Gary Henry

**Absent:** Ann Ottaviano, Joe Arnold and Tim Hunt

#### **Reardon's Bridge:**

A design submitted by Gary Henry was considered to replace the temporary stairs, which are now the only access to the bridge from Route 9. The proposed plan would include a set of stairs and a ramp. Building the ramp and stairs will require some posts and braces, wood and dry stone walls. Gary Henry will get an estimate for the work. Proposed plan is attached

#### **Update on Valley Trail:**

We continue to collect affidavits regarding the original valley trail, which has been in existence for many years.

We continue to work with multiple parties regarding our desire to make the trail accessible to families and others who would like to share the tranquility of the woods. Questions to resolve include which improvements can be started this spring, and whether any require a permit.

#### **Update on Other Trails and Trail Work:**

There were no other updates

Meeting ended at 7:00 p.m.

**Next Meeting: Thursday, January 14th, 6 p.m. in the Town Meeting Room**
