

Wilmington Trails Committee Meeting
6:00pm April 13th 2017
Town Office Meeting Room

Attendees: John Greene-Chair, Crista Gannon-Vice Chair, Gary Henry, Jake White

Absent: Spencer Crispe, Joe Arnold, Ann Ottaviano, Bob Fisher

Alternate: Tim Hunt

Ex-Officio: John Gannon

Meeting was called to order at 6:18

There were no changes to the agenda

Minutes of March 9th 2017 we approved unanimously

Valley Trail Update:

The town will be doing culvert work at the start of section 1 of the Valley Trail. John Green spoke with the town highway department and all agreed that the trails committee will need to do some repair and foot-bridge work once the town culvert work has been completed

A date for this repair work will be set after the town completes its road work.

Other trail work:

It was agreed that trails committee members should begin a survey of spring maintenance needs for town trails, as soon as the snow and ice disappear from the wooded trails. Once we have this assessment, we will set up – and invite others to participate in- “work bees” to complete the spring maintenance

It was requested that all trails committee members and friends of trails committee call or email information about spring trail maintenance to crista.gannon@gmail.com

The next trails committee meeting will be held at 6:00pm on Thursday May 11th in the Town Offices.

Respectfully Submitted,

Crista Gannon
Vice-Chair
