

## **Trails committee meeting 14<sup>th</sup> February 2013**

### **Attending**

Members: John Green, Gary Henry, Crista Gannon,

### **Absent**

Members: Ann Ottaviano, Diane Chapman, Alan Stewart, Bob Fisher, Spencer Crispe, Joe Arnold, John Gannon  
Alternates: Mark Haughwout, Ryan Edwards

The meeting began at 6:00pm

### **Village Trail:**

In April or May (pending weather) we will return to finish the walkway

### **Hoot Toot and Whistle Trail:**

Official application for Army Corps of Engineers and State permits are due to arrive before the end of February, and should move forward without any issues. Scott Murphey will need to sign it,

Michael Lutes-Smith requested that when building bridges over creeks, we not use screw-in posts.

In order to save money, John will try to get old telephone poles, perhaps some of the poles that Fairpoint is taking down along route 100, for building bridges.

We will need volunteers to help with trail building this spring.

### **Trail linking Wilmington and Dover**

There is interest from several in Dover to help build a trail linking Wilmington and Dover  
There was extended discussion about the many options regarding where this trail could possibly go

Meeting adjourned at 7:00pm
