Meeting called to order at 7:59 am

1. Visitors, Public Comments, Changes to Agenda
2. Resolution
 - a. This resolution orders businesses and town buildings to require public to wear face masks with exceptions: children under two years, among a couple others. Signage must be posted in all buildings and businesses. Once indoor dining is allowed, it may need to be altered. Most people wear masks already, this helps encourage them to do the right thing. Gannon moved to approve the resolution mandating masks be worn in all public buildings during the COVID emergency, Rice second; all in favor.

Meeting adjourned at 8:04 am
