Pre-Town Meeting Minutes

Present: Tom Fitzgerald, John Gannon, Sarah Fisher, Vince Rice

Others Present: Scott Tucker, Jessica DeFrancesco, Christine Richter, Scott Moore, Tom Consolino, Meg Staloff, Jessica Smith

Meeting called to order at 6:05 pm

1. No changes or public comment
2. Overview of article 3 and 4; appointing a Town Clerk and Treasurer. There would be a wider pool to select from being appointed as being a town resident is not a requirement, there would be checks and balances, there would be more oversight and control of the office.
Wings is requesting funds this year; they had been paid from the school user fees in the past which have been removed from the budget.
Police and fire have outgrown their buildings. Tom Consolino believes that the cost of the building is too high and that there is plenty of notice before a flood that the departments should be able to come and move their equipment out of harm's way. Fisher replied that with the last major flood, there wasn't a lot of time; it hit harder than expected. Meg Staloff commented that the more services are cut, the less of a town we have. Public safety isn't something you should skimp on.

Meeting adjourned at 7:12 pm.
