

TIME TO SPAY AND NEUTER YOUR CATS AND DOGS!

The VT Spay Neuter Incentive Program (VSNIP), under the VT Department of Children & Families, is administered by VT Volunteer Services for Animals Humane Society. **Funded by a \$4.00 fee added to the licensing of dogs, this monetary resource is limited by the number of dogs licensed, which is required by law at six months of age.** By statute, unlicensed dogs can be confiscated. Puppies and kittens can have the first rabies vaccination after 12 weeks of age. If unable to schedule an appointment with a veterinary office for this vaccination, Tractor Supply Stores hold monthly clinics. Call for their schedules. After the vaccination, contact your town clerk and provide proof of the rabies vaccination to license your dog.

Rabies IS in Vermont and it IS deadly.

Licensing a dog:

- 1) Helps identify your dog if lost.
- 2) Provides proof your dog is protected from rabies in the event your dog is bitten by a rabid animal {but still needs immediate medical attention}.
- 3) Protects your animal if they bite another animal {or person – which could result in the quarantine of your dog or possibly euthanized in order to test for rabies if not currently vaccinated}.
- 4) Pays for this necessary program addressing the population situation in VT.

For a VSNIP Application and a List of Participating Offices, send a 10" SASE: Self-Addressed, Stamped Envelope to: VSNIP, PO Box 104, Bridgewater, VT 05034. Note if your request is for a cat, dog or both. Once fully completed, please mail it back. If approved, you will receive a Voucher and instructions.

The cost for the surgery to you is only \$27.00, providing there are no complications. Fellow Vermonters pays the balance of your account from funds collected at the time of dog licensing. Please be SURE your cat or dog is completely flea and tick free **before** the visit, or you will be charged for treatment. Pain medication is highly recommended **after** the surgery, but would be your responsibility. It is also wise to buy an "E" collar to avoid having sutures pulled out. These are the right choices!

Animals left UN-neutered are more prone to forms of cancer.

Thank veterinarians for their participation in this important program. **These altruistic veterinarians are the backbone of the program!** If your veterinarian is not a participant, please encourage them to join. Several veterinarians have retired, leaving a reduced number of participating offices. VSNIP offices are accepting less reimbursement than what they would usually charge for their services. We NEED them :) Let them know you appreciate the difference they have made in our state over the years when euthanasia was the routine means of animal over-population control. Those days are behind us ~ let's keep it that way!

Sue Skaskiw, Administrator 1-800-HI VSNIP (1-844-448-7647)
