

Town of Wilmington  
2024 Annual Town Meeting Held in the Gym at Old School Enrichment Center (OSEC)  
Minutes  
March 5, 2024

Moderator Robert Fisher called the meeting to order at 10:03am.

In attendance were Moderator Robert Fisher, Selectboard Members Sarah Fisher, Tom Fitzgerald, Vince Rice, Tony Tribuno; Town Manager Scott Tucker, Finance Officer Christine Richter, Highway Supervisor Marshall Dix, Fire Chief Scott Moore, Police Chief Matt Murano, Town Clerk Therese Lounsbury and approximately 104 voters.

Scouts Daltyn Hurley and John Mosher from Scout Troop #461 posted the colors, and Moderator Bob Fisher led the Pledge of Allegiance. The moderator shared that he would be following Roberts Rules of Order and that all questions should be directed through the moderator. A voice vote confirmed that Bob could read the start and conclusion of the Annual Town Meeting Warning, acknowledging 26 articles, and dispense with reading through all the articles before beginning. Articles will be addressed and read as they come before the floor. The moderator also asked whether there were any objections to allowing the non-voting members of the town's administration to speak during the meeting. There were no objections.

Question from the floor: Who can "call the question" – the floor or the board?

Speaker: Barker Willard III

Moderator Response: Any registered voter has the right to "call the question and cease debate".

**Article 1:** To elect all Town and Town School District Officers required by law AND to authorize that the Town obtain either a general obligation bond or a loan, for the purpose of extending water and sewer infrastructure along Route 9 East. (Australian Ballot – Polls open 7:00 A.M. until 7:00 P.M.)

**Article 2:** To see if the Town will vote to accept the Town Report.

*Motion to approve as read made by Tom Fitzgerald, seconded by Steve Adams.*

Debate (including but not limited to): one correction on page 31 – the proposed FY25 Public Lands & Fences Appropriations amount should be \$5,000 not \$30,000.

Speakers: Scott Tucker

Voice Vote: Motion carried.

**Article 3:** Shall the Town adopt all budget articles by Australian ballot pursuant to 17 V.S.A. § 2680(c)?

*Motion to adopt as read made by Tony Tribuno, seconded by Tom Fitzgerald.*

Debate (including but not limited to): low attendance, need simple and fair to all voters, current process disenfranchises a portion of our voters, 2023 had 60 floor voters, mean is less than 5% of voters, voters can attend Selectboard meetings for budget information and the pre-Town Meeting, cannot guarantee voters are better informed, look around the room – good turnout, 180 total people voted at the polls in 2023 so against that it appears a better turnout for 60, not always easy to attend, numbers dwindled from COVID, does not feel they are always heard at Selectboard meetings, keep open to floor debate – coming from big city this is valuable process, school is out for the day – upper grades should attend as part of syllabus, consider an evening or Saturday, we are newcomers – appreciate the motive of the proposed article but finds the importance of the gathering of voters to discuss and debate, direct Athenian democracy, let's not give it up, push for greater participation, believe the Board cares deeply

about the community as is apparent by their service, this forum only place to come collectively and listen to debate/discussion – could even change your mind, money matters, Town Reports should be mailed out to all voters and property owners to help improve participation, go to School Board to increase youth participation, could bring officer vote to the floor, number of times articles were amended from the floor through the years – adjustments to monies for budgets, capital funds, 1% funds, Look Bridge, go to Australian Ballot voted down twice, get to honor people that we've lost, gives good sense of public speaking, good lunch put on by school functions, received extra credit when in school for participating – and I needed that, democracy is not an easy thing to keep, keeps people honest too.

Speakers: Tony Tribuno read a letter from John Gannon, Charlotte Verry, Joh Lebron, Steve Adams, Bob McConnin, Lincoln Rathnam, Cliff Duncan, Barker Willard III

*Motion made to call the question and end debate made by John Widness, seconded by Bob McConnin.*

Voice Vote: Motion to cease debate carries.

Voice Vote: Motion defeated.

**Article 4:** Shall the Town vote on all public questions by Australian ballot pursuant to 17 V.S.A. § 2680(d)?

*Motion to approve as read made by Tony Tribuno, seconded Tom Fitzgerald.*

Debate (including but not limited to): what is a public question? Any initiative that does not include money.

Speakers: Carol Debarba, Scott Tucker

Voice Vote: Motion defeated.

**Article 5:** Shall the town vote to raise and appropriate the sum of \$3,113,981 to care for the expenses and liabilities of the General Fund for fiscal year 2025 (7/1/24 to 6/30/2025)?

*Motion to approve as read made by Tom Fitzgerald, seconded by Tony Tribuno.*

Debate (including but not limited to): biggest change was health insurance costs, offered 5% raise to employees, 14.7% increase in spending – is there a new initiative, 15% increase in health insurance, do not have the same surplus this year to offset revenue, small changes to Workers Compensation and Property Insurance, no new initiatives, Town Manager making \$121,890 – what is the bonus, under contract for five years it is done by negotiations, sign-on bonus across a 5-year contract, complete budget starts on page 21 of the Town Report, is it possible to tie out the summaries for anything on an article, total revenues that are not from taxes on page 28, place numbers more specifically for things being voted on, reinstate budget committee – could help facilitate questions, elected body of 7 members, no binding effect but would vote in advisory capacity, encourage under non-binding business, page 24 line 164 – it is actual article coming up, health insurance on calendar year while town operates on fiscal year, fluctuation in employees as well for single to family plans, page 25 line 190 – cost to haul away the waste from the Transfer Station (fuel, transport, weight of trash), line 201 – auditor retired and new auditor came about in bid process, not many auditors in the state, line 217 – town plan and local emergency mitigation will not be used if grant acquired, line 244 – county court uses the in-place Common Level of Appraisal and so will have to wait for it to adjust and our rate to change, felt it was uncomfortable to have the Town Manager singled out for a salary negotiation – vey common to have a sign-on bonus in the business sector, page 36 – the amount of money sent to the state for education, Southern Vermont Task Force on page 16 – directly funded by the State – search & rescue, snowmobiles, winter kits, looked at how to maintain if State dropped this benefit but so far there still seems to be interest by the State to maintain this funding, otherwise the expense would be directed to a capital fund for the Police Department, Noise Ordinance – ruled not germane, line 40 page 34 – town

owned properties and Rescue Barn that are not taxed, is the Health Center included in non-taxed? Yes, Memorial Hall use during winter cost, public use during winter would cost \$100-200 per day.

Speakers: Tom Fitzgerald, Meg Streeter, Christine Richter, John Lazelle, Ralph Staib, Scott Tucker, Dennis McIntosh, Donna Spiller, Martha Gehring, Carol DeBarba, Cliff Duncan, Matthew Moore, William Spirka, Barker Willard III, Carolyn Palmer

*Motion to amend the motion to add \$1,000 for a total of \$3,114,981 to allow Memorial Hall to be opened made by John Lazelle, seconded by Adam Grinold.*

Debate (including but not limited to): disrespectful that Memorial Hall was not able to be used for Arnie Bernard's funeral service, town did work with the family to make use of the brand new firehouse facility, felt that the family was happy with the result, can a separate line be made for the monies to have the Hall open, felt that the new PSB was a good choice for honoring a respected former police chief and public servant.

Speakers: John Lazelle, Scott Tucker, Tom Fitzgerald

*Motion made to call the question and end debate made by Bill Adams.*

Voice Vote: Motion to cease debate carries.

Voice Vote: Amended motion defeated.

Voice Vote: Motion carried.

**The Moderator, after hearing no objection, recessed the meeting at 11:21am for Representative Tristan Roberts to address the floor. Tristan also made the following presentations:**

H.C.R.168: House concurrent resolution honoring the artistic legacy of Skip Morrow and The Art of Humor Gallery in Wilmington. Presented to Laraine Morrow.

H.C.R.157: House concurrent resolution congratulating the Boyd Family Farm in Wilmington on the centennial of its current agricultural home. Presented to DJ Boyd.

**The Moderator reconvened the meeting at 11:27am with approximately 90 voters in attendance.**

**Article 6:** Shall the town vote to raise and appropriate the sum of \$1,625,039 to care for the expenses and liabilities of the Town Road Budget for fiscal year 2025 (7/1/24 to 6/30/2025)?

*Motion to approve as read made by Sarah Fisher, seconded by Vince Rice.*

Debate (including but not limited to): please give overview, cost of materials going up, planning to pave a little bit more because of multiple mud seasons – we seem to be on our fifth one, how many spots to pave means more speed and traffic, what are paving plans, this summer – other end of Whites Road from Stowe Hill to first hill, Adams Drive, Stowe Hill, part of Chimney Hill – first part of Binney Brook, trying new products – rubber chip seal on Shearer Hill Road, what is the cost of maintenance of the dirt road versus paving, cost per yard of materials to repair has increased substantially making it as expensive to maintain than to pave, how decide which roads to be paved and are residents warned, work with the residents of the road, paved can become potholes and worse shape than left dirt road, try to keep roads patched, have not seen stone put down for muddy sections, often re-freezes before getting to place stone, some ditching and drainage changes that have sent water into the roadway, I would like to look into those, what input taken from residents regarding going to pavement – do not proceed without input, signage placement, concern for road into Transfer Station – car stuck – plan to pave? No current plan to pave, will plan to “mill” the road and re-do using materials drawn from other projects.

Speakers: Charlotte Verry, Marshall Dix, Barker Willard III, Tamara Bolognani, Daniel Boyd, John Lebron, Nicki Steel, Carlotta Gladding

Voice Vote: Motion carried.

**Article 7:** Shall the town vote to raise and appropriate \$12,000 to Beaver Brook School whose purpose is to provide year-round childcare for 0-2 year-olds, and multiple preschool programs for 3-5 year-olds.  
*Motion to approve as read made by Sarah Fisher, seconded by Vince Rice.*

Debate (including but not limited to): can someone speak to this, costs have increased since opening, do not wish to pass these costs on to users, can share how many served, currently serve 29 families during school year and 50-60 in summer, summer camp grant did not come through for this year, important to have strong daycare options for our community, only one in Wilmington, nice to see the kids on the property and about town, remember the Selectboard supporting Kids in the Country, changes on state level has reduced the number of private homes offering daycare, why was this separate and not rolled into the budget, this is new request so it is placed before the voters, also see increases to requests placed before the voters, is it given more consideration by being a separate article? It is just the way the board has done it – new and increases before the voters, feels board should be able to make the decision.

Speakers: Cliff Duncan, Julie Kohler, Sarah Fisher, Meg Streeter, John Meyer, Carol DeBarba, Sheila Osler  
*Motion to call the question and cease debate made by Gary Henry, seconded by John Boyd.*

Voice Vote: Motion carried to end debate.

*Motion to approve as read made by Tony Tribuno, seconded by Matthew Moore.*

Debate (including but not limited to): it would be helpful to see how the board voted on these, board doesn't vote because of the practice of placing new and increased requests before the voters, where is SafePlace, Brattleboro, who mans this, write-up on page 69 of the Town Report, neutral and safe place to provide forensic interviews with children, concern for how this is dealt with, individual's children were not protected, process of how each of these are coming before the voters, how does the board choose to place these as articles, if germane to the town would be considered, old budget committee would place this before the voters with a recommendation of a peer review, speak in favor of the process that Wilmington uses – other towns ask for a petition to be collected and submitted.

Speakers: John Boyd, Martha Gehring, Chief Matt Murano, Jessica Lee Smith, Carol DeBarba, Elizabeth McEwen, Adam Grinold.

*Motion to call the question and cease debate made by Ralph Staib, seconded by Bill Adams.*

*Motion to amend to Shall the Town vote to raise and appropriate \$20,000 to fund the Memorial Hall Capital Fund provided that the use of Memorial Hall for memorial services for Wilmington residents will be non-discretionary made by Carolyn Palmer, seconded by John Lazelle.*

Debate (including but not limited to): is there another solution for this, next year budget with proposal for how to make use of the building, as architect see buildings that aren't used die, Wilmington lucky to have a building designed by McKim, Mead & White, not concerned about nuances but keep using, want use of the building, doesn't seem to be enough going on there, told there is a board to bring events, needs a manager and a way to coordinate and private pay, Friends of Memorial Hall group, history info out on table, part of historical walking tour, had quilt shows, jazz nights, theater events, need someone to oversee and manage, fund is established for specific operating functions, does this amendment help the board make decisions on spending the money? Any operating costs would need to come from the General Fund, monies cannot be co-mingled, hope to see an article next year.

Voice Vote: Motion carried.

Debate (including but not limited to): look for other days for floor vote, great if include other formats of joining in, there isn't an easy fix, many reasons for why people aren't here, mail-in proxy? Form community committee to make some more concrete suggestions rather than placing it on the Selectboard, feels the Selectboard does a marvelous job, Moderator offered that statute allows you to have the floor vote any of the three days preceding Town Meeting Day – must be voted on by a special Town Meeting, 1% fund monies – perhaps for Memorial Hall, East Main sidewalks is one project on the books for the 1% fund as well as extending sidewalk on North St (west side), why isn't sidewalk part of General Fund, part of infrastructure, empty buildings are paying their taxes, would like the Selectboard to re-establish Budget Committee, needs to be petitioned to the Selectboard for a special vote, in favor of Budget Committee, feels that the Budget Committee was created illegally to begin with and that's why it went away, thanks to the Selectboard for all the hard work, thank you to all that came today, thank you to Nicki and Meg for placing the ad in the newspaper about Town Meeting.
