  - Deerfield Valley Fiber members to update the Selectboard on their project.
- 9. Other Business
- 10. Selectboard Members Comments
- 11. Town Manager's Updates (5 minutes)

### Wilmington Selectboard Meeting Minutes October 19, 2021

**Present**: Tom Fitzgerald, John Gannon, Vince Rice (6:28 pm), Sarah Fisher, Tony Tribuno **Others Present**: Scott Tucker, Jessica DeFrancesco, Meg Staloff, Therese Lounsbury, Julie Koehler, Tracy Bartels, Nicki Steel, Deb Boyd, Amelia Nick, Mary Genella, Gretchen Havreluk

#### Meeting called to order at 6:00 pm

- 1. Visitors, Public Comments, Possible Changes to the Agenda
- 2. Approve Minutes of October 5, 2021
  - Tribuno moved to approve the minutes of October 5, 2021, Fisher second; all in favor.

#### 3. Action Item(s):

- The Selectboard set a date for the zoning ordinance amendment hearing for January 4, 2021 at 6 pm
- Gannon moved to approve Peckham Industries' bid for winter sand for the 2021-22 season at \$17.20/cy for sand and \$21/cy for gravel delivered, Fisher second; all in favor.

#### 4. Mail-In Ballots

 Unless the Selectboard chooses to do town meeting differently, we would go back to floor voting. A decision by the second meeting in November would be helpful for the Town Clerk. Also, whether to mail-out ballots to all voters again.

#### 5. Old Home Week

Nicki Steel updated to Selectboard on OHW 2020/21. The committee bought everything they could in the valley, or bought as close to the valley as they could. At least 350 people went to the event at Adam's Farm; including many locals who are not seen around town often. Monique White raised \$10,000 in sponsorships; Bonnie Lorimer stepped up to help with the parade; the committee members worked very hard during all the meetings. Old Home Week has a 131-year history. Total expenses were about \$33,000 and revenues came to \$55,737. There is \$22,688 coming back to the town. (Vince arrived). The Selectboard and Havreluk thanked the committee for their hard work in making the event happen.

#### 6. Beaver Brook Children's School Update

Julie Koehler gave an update on the children's school opening at OSEC. The original plan was to open pre-k in September and infant care in October. They are close to being ready to open. The biggest delay is the furniture delivery. There are 20 families already signed up. Spent \$42,000 on improvements so far, staying in the original budget. Open House next Friday October 29th from 4-6 pm. Awarded a \$45,000 grant, and \$15,940 grant, and are applying for one more. Flooring, painting, construction, electrical and plumbing was covered with the funds awarded by the town and local businesses were used as much as possible.

#### 7. 1% Local Option Tax Fund

The Planning Commission is applying for a Bylaw Modernization Grant. There is a 25% forgiveness if it in enacted by a certain deadline. Gannon moved to approve a request for \$3800 for a Bylaw Modernization Grant Program, and approve the Resolution, Fisher second; all in favor.

#### 8. Mt Snow Update

Tracy Bartels updated the Selectboard on the upcoming winter season. Summer was a great season; biking, conferences, and weddings. Valve houses have been updated to keep employees safer. "Epic Mix" app has been created with numerous features including calling for rescue. Over 80% of the staff received a wage increase. Face masks will be required indoors; indoor dining will require proof of vaccine. Reservations to ski will no longer be required. Internationals are being recruited for employment; all employees must be vaccinated.

#### 9. Other Business

#### 10. Selectboard Members Comments

Gannon commented that according to Act 160 we would have to have an in-person meeting to vote on moving to Australian ballot. There are some parties concerned with Wilmington not being the first responders for Somerset and there will be a meeting held at the Deerfield Valley Rescue building on November 5th at 3 p.m., organized by Rep. Sibilia and Rep. Gannon

#### 11. Town Manager's Updates

- We are still waiting for the final Lake Raponda Dam report. There is enough information gathered during the inspection where some work could be started. Highway completed some work; after publishing a public notice to remove boats, they will be moved to the upper parking lot; trees need to be cleared to 15' away from the dam; and signage will then be put up noticing the 15' maintenance and protection buffer.
- Have been sitting in on ARPA webinars

#### 12. Executive Session

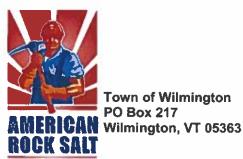

Sarah Fisher

- Fitzgerald moved to find that premature general public knowledge of the Hazard Mitigation
   Grant Program will put the town at a substantial disadvantage, Tribuno second; all in favor.
- Fitzgerald moved to enter into executive session at 7:13 pm to include the town manager, to discuss the possible purchase/buyout of buildings for the Flood Resilient Communities Fund (FRCF) application, and for a Hazard Mitigation Grant Program (HMGP) application, Fisher second, all in favor.

Out of executive session at 7:53 pm; no action taken.

Meeting adjourned at 7:54 pm	l	
Respectfully Submitted,		
Jessica DeFrancesco, Administra	tive Assistant	
Approved by the Wilmington Sel	ectboard:	
Thomas Fitzgerald, Chair	John Gannon, Vice Chair	Vince Rice, Clerk

**To:** Jessica DeFrancesco

**Subject:** Apalachee Salt / Town of Wilmington / Bulk Road Salt

Hello Jessica,

Good morning and thanks for speaking with me about your winter road salt requirements. We appreciate you being a customer of ours in the past.

Prices have increased since last season due to the world economy. Our current price for treated bulk road salt delivered to you in Wilmington is \$87.30/ton.

Hope this information helps with your winter planning.

Regards, Peter Kowal Apalachee Salt 585-442-4131 office

### Wilmington Transfer Station

Miller Rd (802)464-5666

Tues 12:00-3:30 Fri, Sun 8:00-3:30

### Dual Stream Recycling CONTAINERS & PAPER

Recyclables should be empty and rinsed clean of food residue. Lids and caps may be loosely replaced on their containers.

Please do not tie newspaper, magazines or cardboard with twine.

No Plastic bags — they cannot be recycled with regular recycling!

### Food Scraps

Let's Scrap Food Waste!

- Less regular trash
  - Preserves resources
  - Required by state law
- Gets turned into compost, enriching soils

Drop off the collected food scraps in the carts at the facility.

### YES

Uneaten food Pizza boxes Waxed paper Meat, bones Paper towels Napkins Egg shells BPI Certified compostable bags NO
Plastic bags
Glass Foil
Yard trimmings

### Household Trash

\$3.50 per 30-gal bag

\$50 per cubic yard (\$10 min) for furniture and construction debris

Wilmington's comprehensive Transfer Station also takes these items:

### Request for Funding Through the 1% Local Option Tax Fund

### Describe in detail the purpose and specific use of the funding:

We are seeking funding for a new heating system for the entire 55,000 square foot building. All of the heated space is served by what is essentially a one-zone boiler with a back-up boiler of identical size and age. In spite of frequent repairs and new valves for many of the tenant-occupied rooms, the system is not reliable when winter arrives and we know that it is past the end of its useful life. We are especially concerned now that Beaver Brook Children's School will be opening in November and doubling the number of daily tenants who need to stay warm.

Both oil-fired boilers were last updated during the 1981 building renovation. When we first acquired the building in October, 2017 the annual usage was 17,000 gallons but our subsequent insulation projects have helped get the annual usage down to 14,000 gallons.

There are frequent outages which require a scramble by board members, volunteers and even tenants to restart the system. Lack of heat on a cold January day this year resulted in a plumbing leak in our meeting room that took months to repair.

We prepared an RFP in February, 2021 for an engineering firm to design the most energy efficient and economical system for our building. We selected Savoy Engineering at the cost of \$8,000 and we are in the process of putting an RFP out for bid. Our best estimate is that a new system (and removal of the existing boilers) will cost \$100,000 which will include asbestos abatement removal for the old boilers.

### Describe the need for the funding and any other information:

An Income and Expense statement for our fiscal year ended June 30, 2021 is attached.

While we have had success obtaining grants (including a recent one from Brattleboro Development Credit Corporation for \$8,000) and by fundraising (the Jeep raffle donation from the Anstatt family raised \$22,000 for us), we are dependent on rental income to keep operating. We are optimistic that we have enough cash on hand to continue smaller renovation projects that will help lower the oil usage but we need assistance with the big ticket item.

### Deerfield Valley Communications Union District

### 2021 Year in Review

At year-end 2020, DVFiber had 15 member towns, a business plan, and strong motivation to put the plan into action. Now, at year-end 2021, DVFiber has grown to include 24 towns in three counties, has selected its private sector vendor partner, and has obtained substantial grant funding to begin the work.

We have collectively accomplished a lot in this past year with the incredible work of representatives and alternates appointed by our member town Select Boards plus additional volunteers—some 60 people in all—who have applied technical, financial, and communications skills to keep us moving forward. We are ready to design and construct the fiber optic network that will make Internet access at gigabit speed a reality for nearly 8,000 homes and businesses on the grid that don't have it now.

#### **What Are CUDs**

Communications union districts (CUDs) are special purpose municipalities, just like water, fire, or sewer districts. Vermont had been struggling for many years through several governors of both parties to find a way to bring high-speed Internet service to the most rural parts of our state, areas that commercial providers found unprofitable to serve.

Beginning in 2015 and continuing through this past year, the Vermont legislature enacted legislation setting out the framework for the formation of municipal districts and giving them the tools to deliver service for all where there was none before. DVFiber is one of nine CUDs in Vermont.

#### **Significant Events**

Early on, our governing board, composed of representatives and alternates from all of our member towns, decided that the best path to achieve the required results would be to form a public/private partnership in which DVFiber, the public partner, would own the network, manage it for the benefit of our customers, and pay a private sector partner to construct and

operate it on our behalf. To that end, DVFiber issued a Request for Proposals (RFP) in February, setting out the specifications for a partner.

We received eleven responses to the RFP and dedicated several months to evaluating their financial value and alignment with our mission, vision, and principles. The Operations and Finance and Audit Committees led

these evaluations. In July, the governing board voted to select Great Works Internet (GWI) of Biddeford, Maine, a B Corporation. We signed a Memorandum of Understanding (MOU) with GWI and began to negotiate the full details of our partnership agreement.

At the same time, our Communications Committee worked to establish a relationship with our future customers and the community at-large by creating a website (DVFiber.net), a social media presence, and a quarterly newsletter. This committee also established the systems to provide good internal communication so that our volunteer organization would be well-coordinated. This was a considerable challenge because so many board and committee members have poor Internet service themselves.

#### **Next Steps**

The Vermont Community Broadband Board (VCBB) has just awarded DVFiber a \$4.1 million grant of federal funds to finance pre-construction work. This work includes a high-level design for all 24 member towns and a detailed engineering design for the six Phase 1 towns, the ones with the largest concentrations of poorly served homes and businesses. In addition, the grant pays for necessary work by Green Mountain Power to prepare its poles for the attachment of our fiber next year.

As GWI begins the pre-construction work, DVFiber will apply to the VCBB for additional federal funds to finance network construction. We expect these funds to become available for awards early next year. We are grateful for the federal funding and for the VCBB's consideration of our applications. This funding greatly speeds up the schedule for construction. We now expect to connect with our first customers in the second half of 2022, to expand construction to most other areas in 2023, and to complete, by 2024, construction to all locations that have been served poorly until now.

#### **Our Thanks**

We would like to thank all of our Select Boards for their support, for their appointments of such highly skilled delegates to our board, and for their patience while we roll out this technically complex and expensive but essential program. We are working as fast as we can to deliver on the promise of a community-owned, fiber optic broadband network that provides affordable, world-class service to everyone.
